

Drip Irrigation 17mm Insert Fittings

APPLICATION

- Designed to securely connect sections of 17mm supply tubing or driplines
- Compatible with NDS or other manufacturers' products

FEATURES

- Unique double-barb design allows for easy installation
- Ideal for both subsurface and on-grade installations
- Treated with UV inhibitors to prevent fading and cracking

PRESSURE RANGE

- Pressure range: 0 to 50 PSI

SPECIFICATIONS

- Fits 17mm (0.560 ID X 0.660 OD) supply tubing or dripline

WARRANTY

- Limited one-year warranty
