DECLARATION OF RECYCLED MATERIAL CONTENT

To Whom It May Concern,

This letter certifies that the product **AQUABOX HP** (Article Code: EDAQUFV1540), manufactured by Geoplast S.p.A., is produced using recycled plastic materials in accordance with the company's quality and environmental management standards.

The product composition is as follows:

Material Component	Content by Weight
Recycled Polypropylene (PP)	Minimum 80%
Glass Fiber	Maximum 20%

The polypropylene (PP) utilized in the manufacturing process is sourced from **100% Post-industrial recycled material**. No post-consumer recycled material is used in the production of AQUABOX HP.

The finished product is also fully recyclable at the end of its useful life.

This declaration is issued at the request of the customer for documentation and compliance purposes.

Should you require any additional information, please do not hesitate to contact us.

Sincerely,

Quality Department
Geoplast S.p.A.
