Ms. Jeanne Allen
Infiltrator Water Technologies, LLC
4 Business Park Road
Old Saybrook, CT 06475

Dear Ms. Allen:

Re: Approval of the Infiltrator Water Technologies, LLC, *Indiana Design and Installation Manual for Advanced Enviro-Septic, July, 2026*

The *Indiana Design and Installation Manual for Advanced Enviro-Septic, July, 2026*, is hereby approved by the Indiana Department of Health (department), under the provisions of 410 IAC 6-8.3-52(h), 410 IAC 6-10.1-49(h), and the Indiana Standards for Infiltrator Water Technologies, LLC Advanced Enviro-Septic Systems published by the department on July 30, 2026. The final revision to this manual bears the publication date of July, 2026.

This approval is for the use of the Infiltrator AES System in individual residential and commercial onsite sewage systems. This approval is effective July 30, 2026 and is subject to the conditions listed below:

- I. Infiltrator Water Technologies, LLC is required to:
 - a) Certify manufacturers, distributors, designers, installers and service providers;
 - b) Submit to the department a list of all certified installers, distributors, service providers and manufacturers for the State of Indiana annually; and notify the department immediately of the removal of any certified installer, distributor, service providers or manufacturer;
 - c) Submit for review and approval of the department any proposed changes to any system component or the *Indiana Design and Installation Manual for Advanced Enviro-Septic, July, 2026* prior to implementation of the changes;
 - d) Notify the department of any scheduled training event at least 10 working days prior to the event;
 - e) Provide on-going consultation to health department staff, designers, installers, and service providers;

To **promote**, **protect**, and **improve** the health and safety of all Hoosiers.

- f) Submit to the department on an annual basis the installation of any on-site sewage system installed that includes an Infiltrator Advanced Enviro-Septic System using a data format provided by the department.

II. The Infiltrator Advanced Enviro-Septic System is subject to:

- a) The applicable provisions of IDOH Rules 410 IAC 6-8.3 IDOH 410 IAC 6-10.1;
- b) Receiving and dispersing only domestic and/or residential strength wastewater;
- c) The *Indiana Design and Installation Manual for the Infiltrator Advanced Enviro-Septic Systems, July, 2026*.

III. The Infiltrator Advanced Enviro-Septic System manufacturer, designer, distributor, installer, and service provider is subject to:

- a) Infiltrator Water Technologies, LLC certification;
- b) Maintaining a status of good standing with Infiltrator Water Technologies, LLC.

This approval may be revoked or modified by the department for non-compliance, or if it is documented that it would not be in the best interests of public health for approvals to continue.

If you wish to request administrative review of this *Approval* pursuant to Indiana Code 4-21.5-3-5, you must file a petition for review within fifteen (15) days after this *Approval* is received.

The petition for review must be in writing and must include facts demonstrating that:

- The petitioner is a person to whom the Approval is specifically directed;
- The petitioner is aggrieved or adversely affected by the Approval; or
- The petitioner is entitled to review under any law.

Any petition for review should be submitted in writing to the State of Indiana Office of Administrative Law Proceedings in one of the following ways:

1. Go online to www.in.gov/oalp and complete a Petition for Review (State Form 56961 (5-20));

2. Mail your petition for review to the Office of Administrative Law Proceedings at 100 N. Senate Avenue, Suite N-802, Indianapolis, Indiana 46204; or
3. Appear in person at the Office of Administrative Law Proceedings at 100 N. Senate Avenue Suite N-802, Indianapolis, Indiana 46204 and file your petition for review. You will need this document to complete your petition.

If you do not object to this product submittal approval, you do not need to take any further action.

Sincerely,

Michael Mettler, REHS
