

Inserta Tee® Multifit

Lateral Solution

Inserta Tee Multifits are made for a specific lateral pipe type and size, but fit a size range of a specific mainline pipe.

Multifits are available for 50-600 mm (2"-24") lateral connections. This expansion **adds 50, 75, 250, 300, 375, 450 and 600 mm** (2", 3", 10" 12", 15", 18" and 24") to what was available in the Multifit product line.
