ADS GEOSYNTHETICS 3000 BARRIER FENCE SPECIFICATION

Scope

This specification describes ADS Geosynthetics 3000 Barrier Fence.

ADS Geosynthetics 3000 Barrier Fence is a leno woven, high visibility orange barrier fence that has extrusion coated bands for extra visibility. It is used as a visual barrier for marking boundaries around work zones and environmentally sensitive areas.

ADS Geosynthetics 3000 has UV stabilizers to help resist ultraviolet deterioration.

Properties

Property	Test Method	Unit	Average Value
Wide Width Tensile	ASTM D4595	lbs/ft (N)	475 x 250 (9.5 x 5)
Elongation	ASTM D4595	%	15 x 8
Color			Orange
Material			Polypropylene

Packaging

Roll Dimensions (W x L) - ft. (m)	48" x 3,000'/48" x Custom (1.22 x 914.4 m/ 1.22 m x Custom)
